FLS is The Choice for English Learning

For international students, the key to a great experience is getting quality support from the staff and teachers at your center.

From your first day at FLS International, you'll be impressed with the expertise and caring attitude of our professional staff. Our Center Directors, Housing Coordinators, teachers and other staff members all share the same goal: to make your experience at FLS memorable and educational. With over 28 years of serving students, FLS has the sensitivity and experience to meet the special needs of international students.

Here are a few of the features that make FLS programs so effective:

- Varied activities every term that take you to the sights surrounding each campus
- Unique English Everywhere tools that guide you through each week of the curriculum
- Free college placement with UPP for students who attend FLS for 8 weeks or more
- Language Extension Day activities that introduce you to new aspects of American life
- Class readers that provide extensive reading practice and introduce you to American culture
- Daily Academic Workshops offering helpful guidance and teacher support in specific skill areas

Academic Accreditations and Affiliations

FLS is one of a select number of schools accredited both by CEA (Commission on English Language Program Accreditation) and ACCTE (Accrediting Council on Continuing Education and Training). Both are national accrediting agencies recognized by the U.S. Department of Education. We are also members of the American Association of Intensive English Programs (AAIEP) and active participants in NAFSA and TESOL.

The FLS Core Classes are the Key to Your Learning Success

FLS Core Classes are the foundation of our English Language Programs. Made up of 9 levels, the core sequence is an integrated skills curriculum that teaches speaking, listening, reading and writing with current techniques, contemporary materials, teacher coaching and communicative activities.

Our approach simulates the way you learned your native language, through the natural use of all skills together. Our core sequence takes students from a basic understanding of simple English communication all the way to the proficiency required for success at an American college.

FLS English Programs

All English Programs described below include our core class, with additional classes offered in all programs except Vacation English.

Academic English

- Our most powerful program, Academic English has six hours per day of quality language instruction, including two electives and a daily Academic Workshop. It's the perfect option for students desiring to transfer to an American college or university or quickly attain English fluency.

English Everywhere

A unique part of the FLS core program, English Everywhere centers around the Hot Sheet, a quick reference for all the key vocabulary, idioms, and structure covered in the classroom that week. Each Hot Sheet focuses on a different theme, with conversation starters, songs and movies that explore the theme in greater detail. The Hot Sheets are more than just a reference for students. They're utilized by the entire FLS staff to engage students in conversations that include the key language points of the week. From our instructors to our homestay families to our tour chaperones, everyone involved is helping the students learn.

Each Hot Sheet is accompanied by audio and visual materials that complement the weekly theme.

Students in all 9 levels of study benefit from using the weekly Hot Sheet.

Outstanding Academic Programs

The Immersion Method

At FLS, you will meet students from all over the world and develop your new language skills together. Students begin improving their English from their first day of the program. Instruction is supplemented by role-playing, pair-work, group discussion and pronunciation exercises. Because our curriculum emphasizes oral English, you will quickly find your confidence and comprehension increasing!

Small Class Sizes

Our class sizes are small to increase individual attention and student-teacher interaction. The maximum class size is 15, with most classes averaging 12 students or fewer. This enables your teacher to monitor your English progress closely throughout the term.

Helpful Academic Workshops

Our daily workshops provide concentrated, self-contained lessons on specific aspects of English, such as pronunciation, vocabulary development, and conversation, and allow students to develop their ability through songs or discussions of current affairs. Unlike the 'language labs' offered at some schools, our workshops are all teacher-led by qualified instructors.

Varied Elective Classes

FLS offers a wide range of elective classes which focus on specific English skills or topics. Each elective class includes 6 lessons per week and use of the textbook. Every eight weeks, you'll be able to take a new elective and explore new areas of knowledge. FLS continues to introduce innovative new electives, such as English Through Film and Introduction to Literature to challenge and engage students.

Academic Track Programs and Counseling Services

Your FLS counselor will help you stay on track for college entrance by meeting with you to plan your progress through our levels, select the most appropriate electives, take advantage of the academic environment and prepare your application materials in time.

An Environment to Help You Succeed

FLS offers a variety of housing options depending on your chosen school. You can select the mode of living that best suits your personality and travel goals to make sure you have the perfect stay. FLS offers options for supportive homestays, college dormitory stay, and apartment living for the student seeking a more independent experience.

Housing Options:

Homestay with an American Host Family

- FLS offers the valuable opportunity to combine your English program with the experience of living with an American host family. We provide carefully selected homestays where you can practice conversational English and experience the American way of life.

Student Residence Accommodation

- At select FLS locations you may live on campus in a dormitory or student apartment. Campus residence accommodation offers flexibility and independence with access to campus facilities and is a great way to make friends and live like an American college student!

Student Apartment Accommodation

- FLS offers shared apartment accommodation to students interested in a more independent lifestyle. Student apartments are fully furnished with kitchen and dining areas, and a shared common area.

International Guest House

- Located in a beautiful brownstone in the heart of Downtown Boston, the International Guest House hosts students from around the world attending schools all over Boston. The IGH is located a short walk from the FLS Boston Commons center and near all the attractions of Boston.

FLS Pathways

Only FLS offers more than 100 Pathway programs to America's top universities.

Students from all over the world dream of attending the top schools in the United States. Most of these programs are extremely competitive and have very selective admission policies making it difficult for students to gain acceptance. If your grades or English ability are not currently at the level where you have a viable chance to attend your dream school, our pathway programs offer the perfect solution.

The pathway programs offered through UPP at our select partner schools allow you to enter an academic program without TOEFL or other English requirements, complete 2 years of academic work and then transfer to some of the best schools in the United States.

Three easy steps:

1. Participating students take a short pathway preparation program.
2. Students transfer to one of our select partner schools and complete two years of academic work.
3. Students complete their last two years at any of the major universities listed in the link provided below.

Please note: There is no TOEFL test or any other requirement for acceptance to the FLS Pathways programs. Grades in the pathway program will allow students to attend the very best schools, but all students who complete the course are placed into top level universities.
