ROSE MOUNT'S
INSTITUTE OF ENGLISH LANGUAGE

who WE ARE

Rose Mount started off in a small room in 1998 in Laxman Chowk, Dehradun . It was later shifted to Race Course, one of the most posh localities of the city, in a three room shed. We now have more than 3000 sq feet of built up area and another branch at Subhash Road, Dehradun and Rudrapur, Uttarakhand, India.

Rose Mount is the official IELTS and TOEFL iBT testing center in Dehradun. We also represent Alliance Francaise in Dehradun. In English Language Teaching we are the only institute in India to be certified by Cambridge University Press for using their authentic material. As an exit test for Spoken English Language courses we provide a BULATS certification. BULATS is a test owned by University of Cambridge and is accepted world over by more than a thousand companies like Nokia, Air France and Colgate and Palmolive to name just a few.

In short, we brought around a whole new experience in language teaching. We bench marked the industry and gave a lot of sleepless nights to our competitors. Around 97% of the market is with Rose Mount.

Our mantra has been simple. Instead of focusing on passing the exams we make our students realize their potential and tap it. Periodical tests and feedback help us and the students stay focused. Understanding the shortfalls and the strengths of every student who becomes a part of Rose Mount helps us to design an individualized road map to success.

Our faculty is trained on the same lines. If a new recruit can make it through the

first month of rigorous training chances are he or she is staying with us for a long time. While recruiting our focus is not only a person's strong academic back ground (we have CELTA University of Cambridge trained teachers) and teaching capability but also other more humane qualities like compassion and commitment. Our philosophy has proved beneficial. We have more than 800 students placed in universities abroad and our student base has been doubling every year from the past six years. So when you become a part of Rose Mount be assured of individualized attention and quality in terms of material and teaching.

Personality Development Programme

It's the survival of the fittest.

Knowing a language isn't good enough. To be able to speak it effectively and confidently is the key to good communication skills.

And speaking effectively and confidently depends upon host of other personality traits like your body language, presentation skills, a positive attitude.

At Rose Mount, we make sure that once you become a part of our institute no stone is left unturned to transform you into a successful person.

Keep in touch forever : Speak Your Mind

Language needs environment and practice. You have to stay in touch with a language in order to be able to speak it.

We, at Rose Mount, experienced that when students left the institute they were unable to find the right environment where they could keep in touch with English. So, eventually everything would be back to square one.

So we devised a method. Now our students, present and past, both can join us on Saturdays in any of our branches for "Speak Your Mind" sessions throughout their lives. Just a small way of making sure that you keep on Speaking in English.

Our Philosophy :

Think in English

Speak in English naturally

At Rose Mount we do not believe in translation method. We believe that a language can be spoken best if it comes naturally to us.

Also we do not use the rote method i.e. making you repeat sentences. You are not a parrot, you are an intelligent human. So we give you challenging tasks which help you improve your level of English Language.

We create the right environment and give you effective tools so that Speaking in English is as simple as speaking in your own mother tongue.
