EXPERIENCE IRELAND FOR YOURSELF

Ireland is an independent Republic of over four million inhabitants. Traditionally known, for centuries as the land of Saints and Scholars, it is a young, vibrant country with a long and prestigious tradition in education. Ireland has provided the world with many of the greatest names in English Literature – W.B. Yeats, George Bernard Shaw, James Joyce, Oscar Wilde, Jonathan Swift, Patrick Kavanagh and Samuel Beckett. It has often been claimed that the best English is written and spoken in Ireland.

Also, in the area of the Arts, our traditional musical heritage is alive and well and continues in the music of The Chieftains, U2, Westlife, the Corrs, Enya and Van Morrison.

Ireland's weather is temperate, never too hot or cold. In Ireland, students can enjoy traditional Irish food, drink, good music and easy access to the lovely countryside. These factors together with the warmth and friendliness of the Irish people help to ensure that Ireland offers students a unique atmosphere in which to learn English.

A STUDENTS' FIRST DAY

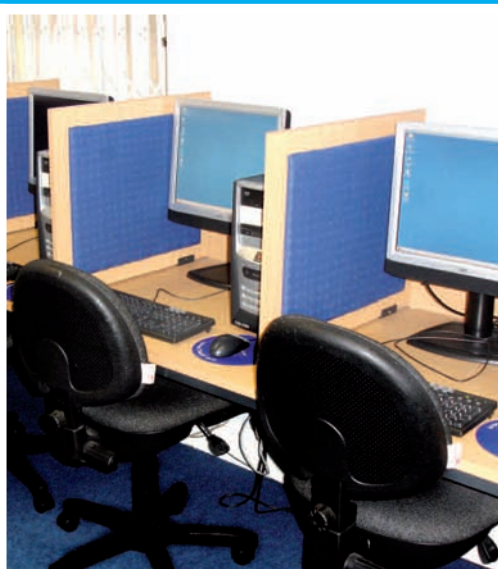

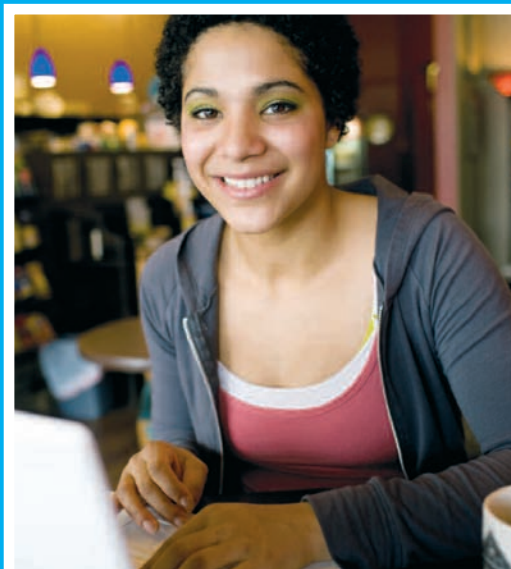

Each student is met personally and welcomed when they arrive at Dorset College. On the first day, all students who have not completed our online placement test will receive a placement test to determine their current level of English. They will then attend an induction where they meet other new students and key staff members. At the induction students are given a welcome pack which includes maps and information about Dublin and Ireland. The placement test consists of a multiple choice grammar questionnaire and an oral test with the Director of Studies. You are then placed in a class at an appropriate level. During the afternoon of the first day there is an opportunity to take a guided walking tour of the city in the company of the school's Student Welfare Officer, giving them the opportunity to get to know the city and make Dublin their home from home.

We believe that feedback is important as it helps us provide a better experience and service for our students. For this reason students are encouraged to complete a questionnaire after their first week and to make suggestions about the school.

The International Office is here to assist you in booking your course and sourcing accommodation for your stay in Dublin if required. The office will make arrangements to suit your needs and will ensure that your stay is a pleasant and fulfilling one in the College and in Dublin.

All of **our teachers** are University graduates with specialist TEFL qualifications to teach English as a foreign language. Many of our teachers have built up extensive experience over the years teaching both in Ireland and in other countries. Each teacher has been trained to understand the individual learning needs of participants. We prepare our lessons carefully and use a wide variety of materials to make the lessons as student friendly and interesting as possible.

Our Team is there to assist you throughout your time with us. **Our Aim** is to encourage your development as independent language learner throughout.

TESTIMONIALS

Mr. Yohei Ishikawa from Japan

Put simply, Dorset College is a friendly school; it is not only friendly but also a good school to study English. For instance, students who come from many different countries are trying to speak English all the time. I have been studying English for a long time; however, it had not increased before I came here. Dorset College gave us a good opportunity to study English in spite of a short term course or long term course. It depends on the person though I count on this school.

Ms. Lucia Belen Lostao from Argentina
