Accreditations and recognitions

Chamber College is accredited by Feltom (Federation of English Language Teaching Organisations of Malta) and also recognised by the EFL Monitoring Board. We are also members of ALTO (Association of Language Travel Organisations).

Our approach

Chamber College represents quality and academic excellence, offering an extensive range of English language courses all year round to cater for the individual needs of our students.

Our Teachers

Our academic team is made up of extremely dedicated and motivated individuals. The majority are native speakers with considerable teaching experience, spanning across all levels and different course types. All our core teachers are highly qualified, and are in possession of either the Celta, CertTESOL, or even higher qualifications such as the MA ELT. They are employed not only for their teaching abilities, but also for their communicative skills and empathy with our students.

Our Method

We aim to continually develop students' ability in English, focusing on all the four skills. Attention is also given to grammar and vocabulary, with particular emphasis being made on conversation and pronunciation. We believe that a solid foundation in the rules of the language provides a springboard for effective communication, which is a key element during each lesson.

Our Resources

We provide the most up to date tools and resources, using the latest cutting edge technology in our classrooms and incorporating them in the lessons. Our course books are modern and offer recent, relevant material to students' interests, whilst providing a structured plan of studies irrespective of whether students are here for a week or one year.

Our Academic Support

Our teachers encourage students to practice the language in an engaging and motivating environment, using material which is interesting and relevant to their needs. We recognise the need of student interaction and group dynamics within the classroom, and give the utmost importance to maximising the learning experience of every student here at Chamber College.

Exam Preparation Courses

Cambridge, IELTS & TOEFL are English language qualifications recognised by hundreds of universities, colleges and employers across the globe. These exams assess your ability to communicate effectively in English and provide you with the preparation and confidence you need to use English in your academic and professional life.

Cambridge exams are specifically targeted at five different levels, ranging from Pre-Intermediate to Proficiency. IELTS is the International English Language Testing System, while TOEFL is the Test of English as a Foreign Language.

All Exams measure your ability to communicate in English across all four language skills – Listening, Reading, Writing and Speaking. IELTS and TOEFL Certifications are valid for 2 years.

If you want to:

- ► Study in an English speaking country
- ► Work abroad
- ► Study or work in an international environment in your own country

An Exam Preparation course at Chamber College will provide you with the opportunity to reach your goals. Courses start ideally a minimum of 8 weeks before exam dates, in order to make sure students become familiar with exam techniques and skills before sitting for the actual Exam. The teachers on the course specialise in training students for exam taking.

From the beginning of the course, students are carefully monitored to ensure that they are progressing to the required standard. Students receive training and language practice covering every area of the exam, and regular timed practice tests are incorporated in the course. Teachers constantly assess and support students to help them maximise their potential to succeed in their final examination.
