

With C.I. Alicante you will speak Spanish from the day you start.

We are a small and modern school of Spanish as a Foreign Language, founded in 1998. Perfectly equipped, we have all the facilities you need to grasp the language quickly and start speaking *en español*.

We are located within the main shopping area of the city and only 2 minutes from the sea.

All our trainers are University Graduates, highly experienced in teaching Spanish. All the staff interact with the students and create a friendly, dynamic and young atmosphere.
