INTERNATIONAL HOUSE BRISTOL, ENGLAND

- IH Bristol's qualified teachers use a variety of special methods to teach you modern, natural English
- The elegant and traditional school building offers a welcoming environment in which to study, in a great location close to the city centre
- IH Bristol is also an exam centre offering Cambridge and IELTS courses
- Bristol is a great place to study. The city is the cultural and commercial capital of the South West of England, with many things to see and do
- Bath, Stonehenge, Stratford, Salisbury and South Wales are all close by, with London just 90 minutes away

Founded in 1987, IH Bristol is accredited by the British Council, English UK and the International House World Organisation. Here at IH Bristol, we are passionate about teaching languages. We enjoy meeting new students and helping them all to make the most out of their stay in England. We recognise that each student is an individual and so we have an interview with each new student to make sure that we meet their needs. All our teachers are fully qualified and are part of an ongoing programme of teacher development. The school is located in Clifton, a traditional, elegant area of the city, close to the university, many shops, restaurants, and bars, several parks and a short walk to the city centre.

Bristol is a great place for learning English. It's the capital of the South West of England and has 500,000 inhabitants, so it's a big cultural and commercial centre and there's always a lot to see and do. It's a safe and friendly place with a long and colourful history. The city was also selected as one of DK Eyewitness Travel Guides series 'Top 10 Cities or 2009'. Bristol is 90 minutes train ride from London and close to Stonehenge, Bath, Stratford, Wales and many other tourist destinations.
