

Welcome to Manhattanville College!

Our undergraduate programs combine the intellectual strength and passion of a classic liberal arts education with the hands-on, real-world experiences you need to turn your passion into an exciting career. Choose from over 30 majors and minors – ranging from Art History to Communications Studies, from Economics, Finance or Management to World Religions, from Dance, Theatre or Music to Chemistry or Computer Science. Then combine your passion with exciting internships through our Center for Career Development, service learning opportunities through the Duchesne Center, pre-health support from our Pre-Health Professions Advisory Committee, or our numerous Study Abroad opportunities.
