“I feel sorry to leave this school because I had a lot of fun with my classmates and even with my TOEFL teacher Greg: I really like this school and I really like the secretaries. I'm going to start a new adventure and I will miss this school! I strongly recommend this school to someone who wants to

“This school has good teachers, good friends and interesting activity! My teachers always tried to make me join his class. I’m so shy. So I was nervous every day to speak English, but my English is better than when I came here because of them. If I say one complaint, we have to line in a row to get new text book. Generally, I like this school! I spent great time. Thank you.”
