Fifty Plus

🕒 15hrs 🗺️ 14 🧑 50yrs

This is a course designed to meet the needs of the older student. If you want to travel, meet new people from around the world and experience English life and culture, we highly recommend this course. By combining a language course with excursions and social events, you get the best of both worlds. Social events are negotiated by the group but may include an excursion to Cambridge, afternoon tea, a boat trip down the Thames, or a visit to Hampton court with its beautiful gardens and maze.

Classes take place in the mornings for 15 hours per week. We aim to build your confidence in speaking and listening by building systematically on what you already know. English spoken by native speakers often seems so quick that you might feel you'll never understand it, but it's surprising how just a few lessons can make all the difference.

Accommodation & Welfare

'The Rose of York welfare team will look after you from the day you arrive, helping with everything including opening a bank account, public transport discounts and extending your visa.'

Welfare Team  
Rose of York London School of English

We recognise that choosing the right place to live can be more important than choosing the right course. For this reason we are able to offer a range of possibilities to suit every budget and requirement. All our accommodation is personally inspected by our accommodation officer to ensure that it meets our standards.

Host families give you the comfort of living in a family home, an insight into the British way of life and also an opportunity to practise your English outside of the classroom. A residence on the other hand will suit the more independent student who prefers self-catering.

#### Host Families

All our host families are chosen for their commitment to ensuring that you, their guest, feels at home. They are kind and caring individuals, some of whom have

been hosting Rose of York students for many years. This means that we know them well and trust them to look after you.

They all should:

- encourage students to feel at home and treat them as a member of the family
- encourage them to speak English as much as possible
- provide a clean and comfortable room and a suitable environment for studying
- provide them with a balanced and appropriate diet.

At Rose of York we do not place students of the same nationality in the same homestay (unless requested). Students can choose between bed & breakfast or half board.

#### Student Residencies

Students who would like to have a more independent stay and meet people of other nationalities outside the school might choose this type of accommodation. The residences are all located in zone 1 (city centre) or zone 2 with easy transportation to the school.

Depending on the residence, you can choose a single or a twin room or even a studio. Some residences have basic facilities (shared bathroom and kitchen), others offer en-suite rooms and meals.

Please contact us for more information about current availability.

#### Travel

Although London has excellent underground and rail connections with its airports, if you would like us to organise transport to your accommodation please let us know. For a reasonable charge we can arrange a driver to meet your flight.

While London has a lot to offer you may want to experience more of the UK. We can also help with planning and booking days or short breaks away to

the seaside or popular tourist destinations such as Cambridge; you may even want to visit other European countries. Just ask our reception staff for details of what we can offer.

#### Welfare

Our caring welfare staff know each of our students individually, they take time to get to know you and take good care of you. They will give you all the help, support and advice you need about living in London.

Your welfare during your stay is of great importance to us. We are always on hand to help with any problems you may have settling in. Our specialist team of student advisors is happy to help with any problem large or small, academic or personal. We can give advice on visas, opening bank accounts and obtaining student discounts on travel. We will provide you with a student card which you may use to get discounts in shops, cafes, restaurants and at local attractions.

Whatever you need you will always find a cheery and sympathetic face on hand to give advice and offer practical help. We want to ensure that you have an enjoyable, stress-free stay and that you are able to focus on the main aim of your visit – improving your English.
