“In Malta...,”

The concept of globalisation and huge technological advances in today's world has put the English language at the forefront of global communication.

Malta and Gozo attract over a million visitors a year due to their geographical position in the heart of the Mediterranean Sea. Their beautiful clear waters, pretty rural villages, friendly inhabitants and early historical remains make the Maltese Islands an ideal destination for any traveller.

Our colonial past and strong historical links with the rest of Europe offer you the unique opportunity to participate in a truly English speaking society where Anglo Saxon traditions blend effortlessly with Mediterranean charm and climate.

In 2004 Malta proudly became a full member of the European Union. Malta is a very safe place with warm and friendly people. Come and see for yourself...

Teenage Courses

Our Teenage English Courses are designed to stimulate younger students to work on their English language skills while enjoying a fantastic holiday on the Maltese Islands. By encouraging role-play, problem solving, general discussions, written exercises and aural comprehension, our Teenage Courses introduce the English language to you in a fun and dynamic manner.

Our specially designed Malta Academic Programme combines areas of your language course with excursions and activities to help you maximise your stay with am Language Studio.

Teenage General English am200107a

The most popular course at am Language Studio is designed to give students a solid introduction to the English language and devotes special attention to grammar, vocabulary building, conversation and pronunciation.

While conventional texts and audio equipment form the basis of the lesson structure, teachers encourage language use through role-play, problem solving, discussions and story telling. The group element allows participants to benefit from trying out and practising language structures on their fellow students.

Teenage Intensive English am200107b

By devoting more hours to tuition students can give their English a kick-start in a relatively short period of time. Students follow the General English Course and have a further two sessions per day of 45 minutes each. They are given the opportunity to consolidate their General English studies and have further options to cover new ground.

Teenage English Mini Group am200107c

This course is designed to cover the same course content as outlined in our General English Course. It offers the benefit of studying in a group but with fewer numbers so that students have more opportunity to actively participate during the lesson and get more teacher attention than they would in larger classes. Smaller numbers offer more flexibility in planning the course content around the group needs of the participants.
